Who is an Accredited Investor?

An Accredited Investor (“AI”) is an investor who meets the requirements set out by the Securities and Exchange Board of India (SEBI) vide Circular number SEBI/HO/IMD/IMD-I/DF9/P/CIR/2021/620 dated August 26, 2021 and has obtained a certificate as an ‘Accredited Investor’ from an Accredited Agency recognized by Securities and Exchange Board of India.

Who can be an Accredited Investor?

Any investor who meets any one of the qualifying criteria set out by SEBI) in Circular number SEBI/HO/IMD/IMD-I/DF9/P/CIR/2021/620 dated August 26, 2021 and has opted in to be treated as an Accredited Investor.

Why become an Accredited Investor?

An Accredited Investor generally has access to a wider range of financial products and services. These include restricted products like structured notes, equity linked notes and selected bonds.

Accredited Investors are assumed to be better informed, better able to access resources to protect their own interests, and therefore, would require less regulatory protection. Investors who agree to be treated as Accredited Investors therefore forgo the benefit of certain regulatory safeguards.

How can an investor (who meets the eligibility criteria) become an AI?

- Prospective AI makes an application online on Accredited Investor Agency (CDSL Ventures Limited) portal on aia.cvindia.com along with the required documents.
- AIA verifies the application and supporting documents and checks if they are found to be in order.
- If the application is approved, the CVL issues an Accreditation Certificate (AC), with a unique Accreditation Number (AN) and validity

What is the validity of an accreditation certificate?

- 1 year from the date of accreditation if the documents are submitted for the preceding 1 year
- If the AI meets the eligibility criteria in each of the preceding 3 years from the date of the application, 2 years from the date of accreditation.

Why should an Investor go for Accredited Investor certificate?

The investor would enjoy the following benefits

- Global reach
- Wide range of financial products and services.
- Probability of High returns and light regulatory norms.
